Dear Sir/Madam

RE: APPLICATION FOR COMMUNITY CARE WORKER

I read your announcement on The Namibian Newspaper that you are currently seeking for people to fill a vacant position for community care worker. I believe I am highly qualified for the job and I am submitting my resume for your review. my recommendations are available at your request.

I took up my caregiver certificate from D`Expert primary health care. I am waiting my certificate at the above mention school for assistant nurse. I am hard-working, patient, and work well with people which I believe are qualities that make a good care worker.

I hope you would give me the opportunity to discuss how I would benefit in your community. Please contact me at 0812131977

Thank you.

Sincerely

Justina Ipawa Johannes
